Palm Desert, CA 92255

To Whom It May Concern,

On behalf of our Board of Education and District Administration, I would like to take this opportunity to thank you for your generous gift. The Board officially accepted your donation of \$350.00 presented to Amistad High School for basketball uniforms at its meeting held on December 15, 2015.

Desert Sands Unified School District continues to advance its Strategic Plan and achieve its Mission to ensure that every student develops the skills and knowledge to succeed, working in partnership with diverse families and our community to assure equal access to student-focused learning environments.

It is through our programs offering educational choices that we have seen so many young lives change for the better, and with the help of donations from supporters such as you, we can and do make a difference.

Thanks again, and I am certain that our students will benefit from your thoughtfulness and generosity.

Yours Sincerely,

Dr. Gary Rutherford
Superintendent
